## **PUBLICATIONS AND SCIENCE PRESENTATIONS SAM BECKETT**

1. Audige, L and Beckett, S (1999). The efficacy of animal health surveys: A quantitative assessment using stochastic modelling. *Preventive Veterinary Medicine*, 38: 259-276.
2. Audige, L, Beckett, S, Canon, N, Hofmann, M and Griot, C (1997). Freedom from infection: a stochastic simulation model for evaluating the efficacy of national or regional surveys applied to PRRS in Switzerland. In *Proceedings Of the 8th Symposium Of the International Society For Veterinary Epidemiology and Economics*, Paris, France, July 1997.
3. Beckett, S (1995). An introduction to meta-analysis. In, *Proceedings of the Annual conference of the Australian College of Veterinary Scientists*, Sydney, Australia, February 1995.
4. Beckett, S (1995). Survival analysis: An outline of methods and applications. In, *Proceedings of the Annual conference of the Australian Veterinary Association*, Melbourne, June 1995.
5. Beckett, S (1997). An approach to meta-analysis: post-partum GnRH and the reproductive performance of dairy cows. In *Proceedings Of the 8th Symposium Of the International Society For Veterinary Epidemiology and Economics*, Paris, France, July 1997.
6. Beckett, S (2000). Multiple regression: principles and practice. *Proceedings of the Annual Conference of the Australian College of Veterinary Scientists*, Gold Coast, June 2000.
7. Beckett, S (2000). Risk estimation. In, *Proceedings of the APEC Workshop on Import Risk Analysis in Animal Health*, Brisbane, April 2000.
8. Beckett, S (2001). A generic framework for import risk analysis. In, *Proceedings of the International Workshop on Consequence Assessment in Import Risk Analysis*, USDA Centers for Epidemiology and Animal Health, Fort Collins, Colorado, USA.
9. Beckett, S (2004). Australia's Generic Method and Models for Import Risk Analysis. In, *Proceedings of the CEAH Training seminar on Quantitative Risk Analysis*, USDA Centers for Epidemiology and Animal Health, Fort Collins, Colorado, USA, February 2004.
10. Beckett, S (2004). Biosecurity – Approaches and Methods. In, *Proceedings of the Biosecure 2004 Conference and Workshop*, Canberra, ACT, Australia.
11. Beckett, S (2004). Biosecurity and Trade under the WTO SPS Agreement. In, *Proceedings of the Biosecure 2004 Conference and Workshop*, Canberra, ACT, Australia.

12. Beckett, S (2004). Exposure and Consequence Assessment and the Estimation and Evaluation of Import Risk. USDA Centers for Epidemiology and Animal Health, Fort Collins, Colorado, USA.
13. Beckett, S (2004). Generic Tools for Exposure and Consequence Assessment: Interim Project Report. USDA Centers for Epidemiology and Animal Health, Fort Collins, Colorado, USA.
14. Beckett, S (2004). OIE Framework for Risk Analysis. In, Proceedings of the CEAH Training seminar on Quantitative Risk Analysis, USDA Centers for Epidemiology and Animal Health, Fort Collins, Colorado, USA, February 2004.
15. Beckett, S and Garner, MG (2006). AusSpread – current status and capabilities. In Proceedings Of the 11th Symposium Of the International Society For Veterinary Epidemiology and Economics, Cairns, Australia. August 2006.
16. Beckett, S and Garner, MG (2006). Representing disease spread in spatial simulation models. In Proceedings Of the 11th Symposium Of the International Society For Veterinary Epidemiology and Economics, Cairns, Australia. August 2006.
17. Beckett, S and Garner, MG (2007). Simulating disease spread within a geographic information system environment. *Veterinaria Italiana*, 43 (3), 595-604.
18. Beckett, S and Lean, I (1996). Gonadotrophin-releasing hormone in postpartum dairy cattle: a meta-analysis of effects on reproductive efficiency. *Animal Reproduction Science* 48(2-4): 93-112.
19. Beckett, S, Baldock C and Lean, I (1995). An epidemiological investigation of deaths occurring due to equine botulism at the 1994 Australian Easter Yearling Sale, Newmarket, Sydney. Restricted legal document. Précis available on request.
20. Beckett, S, Banks, D, Wilson, D and Martin, R (2001). Biosecurity Australia and import risk analysis. *Microbiology Australia* 21(3): 4-8 .
21. Beckett, S, Garner, MG, Elliston, L and Abdalla, A (2006). Epidemiological and economic modelling of foreign animal disease in Australia. In Proceedings Of the 11th Symposium Of the International Society For Veterinary Epidemiology and Economics, Cairns, Australia. August 2006.
22. Beckett, S, Morris, R, MacDiarmid, S (1996). An assessment of the risk of introducing porcine reproductive and respiratory syndrome (PRRS) into New Zealand in frozen porcine semen. In, Proceedings of the NZVA/AVA Pan Pacific Veterinary Association Conference, Christchurch, New Zealand, June 1996.
23. Beckett, S, Morris, R, MacDiarmid, S (1996). Quantitative risk analysis: An assessment of the risk of introducing porcine reproductive and respiratory syndrome (PRRS) into New Zealand in frozen porcine semen. *Surveillance* 38: 10-15 .
24. Beckett, S, Morris, R, MacDiarmid, S, Dijkhuizen, A (1996). HandiRISK: Development of an expert system for import risk analysis. In, Proceedings of the International Workshop on Import Risk Analysis, Zurich, Switzerland, June, 1996.
25. Beckett, S, Morris, R, MacDiarmid, S, Dijkhuizen, A (1997). HandiRISK: Development of an expert system for import risk analysis. In, Proceedings of the Annual Conference of the Australian Veterinary Association, Sydney, May 1998.
26. Beckett, S, Morris, R, MacDiarmid, S, Dijkhuizen, A (1997). HandiRISK: Development of an expert system for import risk analysis. In, Proceedings of the Annual Conference of the New Zealand Veterinary Association, Rotorua, New Zealand, July 1998.
27. Beckett, S, Morris, R, MacDiarmid, S and Dijkhuizen, A (1997). Handirisk: development of an expert system for import risk analysis. In Proceedings Of the 8th

- Symposium Of the International Society For Veterinary Epidemiology and Economics, Paris, France, July 1997.
28. Beckett, S, Tranter, W, Dyson, R, Lean, I and Wade C (1996). Multi-centre randomised trial: Monensin and the health, production and reproduction of dairy cows. *Journal of Dairy Science* 24: 132-146.
  29. Garner, MG and Beckett, S (2005). Modelling the spread of foot-and-mouth disease in Australia. *Australian Veterinary Journal*. *Australian Veterinary Journal* 83(12): 758-766.
  30. Highfield, L, Tolleson, D, Kwiatkowski, D, Ward, M, Garner, MG, Beckett, S and Stuth, J (2006). A linked epidemic and transportation modelling environment for foreign animal disease events. In *Proceedings Of the 11th Symposium Of the International Society For Veterinary Epidemiology and Economics*, Cairns, Australia. August 2006.
  31. Lean, I and Beckett, S (1995). Meta-analysis. *Proceedings of the Annual conference of the Australian Veterinary Association*, Melbourne, June 1995.
  32. Lean, I, Beckett, S and Wade, L (1996). Bovine somatotropin and monensin: Emerging technologies. *Proceedings of the Western Canadian Dairy Seminar*, 1996. Publ University of Alberta. pp 237-254.
  33. Macchi, C, Morris, R, Pfeiffer, D and Beckett, S (1997). Economic evaluation of anthelmintic strategies for lamb flocks affected by benzimidazole-resistant nematodes. *Australian Veterinary Journal* 14: 12-27.
  34. Ward, M, Highfield, L, Carpenter, T, Garner, MG, Beckett, S, Laffan, S (2006). Multi-model investigation of foot-and-mouth disease spread in Texas. In *Proceedings Of the 11th Symposium Of the International Society For Veterinary Epidemiology and Economics*, Cairns, Australia. August 2006.
  35. Wilson, P and Beckett, S (1997). Copper and velvet antler production: a randomised clinical trial. In, *Proceedings of the Annual conference of the New Zealand Veterinary Association*, Wairakei, New Zealand, July 1997.
  36. Wilson, PR and Beckett, S (1997). Copper and velvet antler production: randomised clinical trials in the North Island. *New Zealand Veterinary Journal* 50 (5): 177-181 2002.
